.....a Night of Teal

Dear Friends and Family,

The fight against cancer goes on. We all have a friend or relative that has battled this terrible disease. In the fall of 2015, our dear friend, Marysusan Vinskey was diagnosed with ovarian cancer. After the initial diagnosis, she underwent extensive surgeries and chemotherapy. After her exhaustive treatment, Marysusan was in remission. Approximately six months ago, Marysusan's cancer returned. She is currently undergoing treatments with the hope to one day stand up and say, "I survived."

Marysusan is the proud mother of Maggie (grade 6), Jack (grade 2) and Sam (grade 1). She is a devoted wife to her husband, John who is a Fairfield City K-9 police officer and a proud member of the SWAT team. Marysusan has been an ambassador for Pink Ribbon Girls during her battle. It is very heart wrenching that any family, including the Vinskey Family, should have to deal with a tragedy of this magnitude. This is why we are reaching out to YOU for help and support in Marysusan's courageous battle against ovarian cancer.
